WESLEY CONFERENCE CENTRE

A registered COVID Safe business, the Wesley Conference Centre is open and excited to welcome you back to live events.

In line with the latest safety regulations and recommendations, Wesley Conference Centre have put in place a number of COVID Safe steps and precautions to ensure the safety of all our visitors and staff is maintained, these include:

COVID Safe venue practices

Contactless hand sanitising stations, tissue boxes and bins for hygienic disposal have been placed throughout the Centre. The comprehensive cleaning and disinfecting of all surfaces has been increased. Guests use separate pathways when entering and exiting the building, which has been marked with signage and floor decals.

COVID Safe signage

Signage is placed throughout the venue to communicate the importance of social spacing, coughing etiquette, hand washing and staying at home if you're unwell.

COVID Safe catering

Our catering service options have been modified and staffing levels increased so that guests can still experience the personalised service and menu variety Wesley Conference Centre is known for, delivered in a COVID Safe way. In addition to our COVID Safe measures we continue to stringently adhere to all food safety regulations and requirements.

COVID Safe floor plans

A social spacing strategy has been implemented, adhering to the limit of one person per four square metres, within conference rooms, registration areas and catering spaces.

COVID specific training

All Wesley Conference Centre team members have completed the Restaurant & Catering Association COVID-19 Hospitality Best Practice Training, and our Front of House Managers and Co-ordinators have also completed Covid-19 Infection Control training.
